Skema til redegørelse – version af januar 2026
Statement form - version of January 2026

**CORPORATE
GOVERNANCE**

What can the form be used for?

The form is intended as an auxiliary tool for Danish public limited companies (the "company") that have shares admitted to trading on a regulated market and who in the form of a form wish to submit an account of the company's compliance with the Recommendations for good Corporate Governance, cf.

The principles are not expressions of recommendations that the company must comply with. The principles describe the basic ideas that the companies can advantageously consider and incorporate in the management of a company. The committee's comments on the recommendations are intended as guidance and inspiration and can thus act as an auxiliary tool in connection with the company's work with the recommendations. Reporting in relation to the committee's Recommendations for good Corporate Governance must be made in relation to the committee's recommendations - and not in relation to either the principles or the comments.

The statement of good corporate governance must be published either in the management's report in the annual report or on the company's website with a reference to the statement in the management's report. The Committee finds that the publication of the statement of good corporate governance on the company's website - with precise reference to it in the management's review - creates the greatest transparency. When the statement is published on the company's website, it will be more easily accessible to investors and other stakeholders.

According to the Danish Financial Statements Act, a publication on the company's website requires that the URL address refers directly to the statement and that it be disclosed in connection with the management's report in the submitted annual report.

Other requirements are also set for the preparation of a statement of good corporate governance and for how it is to be published. The detailed requirements are described in Executive Order no. 959 of 13 September 2019 on the publication of a number of statements pursuant to the Danish Financial Statements Act.

Note: The form below contains the Committee on Corporate Governance's recommendations of 2 December 2020. The recommendations are available on the Committee on Corporate Governance's website www.corporategovernance.dk. Nasdaq Copenhagen A / S has decided to include the recommendations in their set of rules for issuers that take effect from 4 January 2021.

The form can be used when preparing a statement of good corporate governance in annual reports concerning financial years starting on or after 1 January 2021.

"Follow or explain"

It follows from section 107 b of the Danish Financial Statements Act that a company that has shares admitted to trading on a regulated market must include a statement of corporate governance in the management's report. This means that the individual company indicates which recommendations the company has chosen to follow or deviate from. The companies' statements must relate separately to each recommendation, regardless of whether a recommendation is followed or deviated from.

It appears from the Danish Financial Statements Act, section 107 b, subsection 1, no. 3, that the company must state the reasons for if a company has decided to deviate from the recommendations. The company must state why it does not follow a given recommendation and how it has arranged itself instead. This means that if a company does not follow a recommendation, but explains why and how the company has arranged itself instead, then the company is considered to comply with the recommendation.

The statement must reflect the applicable form of management at the time of the presentation of the accounts. If there are significant changes during the year or after the time of the closing of the accounts, this should be described in the statement of good corporate governance.

It is important that the company relates to and reports on each individual recommendation, so that it is clear for investors and other stakeholders to see how the company relates to the individual recommendations.

The committee has found that many companies choose to provide supplementary information, even where the company specifically follows a recommendation. The Committee would encourage companies to provide additional information where it increases transparency.

Statutory report on good corporate governance, cf. section 107 b of the Danish Financial Statements Act.

Recommendations for Good Corporate Governance

Recommendation Interaction with the company's shareholders, investors and other stakeholders 1.1. Dialogue with shareholders, investors and other stakeholders	The company follows	The company explains [1] Why How

3.5. Evaluation of the Board of Directors and the Executive Board			
<p>3.5.1. The committee recommends that the board of directors carry out a board evaluation once a year and include external assistance in the evaluation at least every three years. The committee recommends that the evaluation focus on the recommendations on the work, efficiency, composition and organization of the Board of Directors, cf. Recommendation 3.1.-3.4. above, and as a minimum always includes the following topics:</p> <ul style="list-style-type: none"> · Composition of the Board of Directors with a focus on competencies and diversity, · The contributions and results of the board of directors and the individual member, · The cooperation in the Board of Directors and between the Board of Directors and the Executive Board, · The chairman's management of the board, · The committee structure and the work of the committees, 	<p style="text-align: center;">Yes</p>		

<p>The organization of the board work and the quality of the board material, and</p> <ul style="list-style-type: none"> · The board members' preparation for and active participation in the meetings. 			
<p>3.5.2. The committee recommends that the entire board of directors discuss the result of the board evaluation, and that the process for the evaluation and the evaluation's overall conclusions are discussed in the management's report, on the company's website and at the company's general meeting.</p>	Yes		
<p>3.5.3. The committee recommends that the Board of Directors evaluates the work and results of the Executive Board at least once a year in accordance with pre-determined criteria, and that the Chairman reviews this with the Executive Board. In addition, the Board of Directors should continuously assess the need for changes in the structure and composition of the Executive Board, including diversity, succession plans and risks, taking into account the company's strategy.</p>	Yes		
<p>4. Management remuneration</p> <p>4.1. Remuneration to the Board of Directors and the Executive Board</p>			
<p>4.1.1. The committee recommends that the remuneration of the Board of Directors and the Executive Board as well as other terms of employment be both competitive and compatible with the company's long-term shareholder interests.</p>	Yes		
<p>4.1.2. The Committee recommends that share-based incentive programs be revolving, ie. with periodic allocation, and is primarily long-term with an accrual or maturation period of at least three years.</p>	Yes		

4.1.3. The Committee recommends that the variable part of the remuneration be capped at the time of allocation and that there be transparency about the potential value at the time of utilization under pessimistic, expected and optimistic scenarios.	Yes		
4.1.4. The committee recommends that the total value of remuneration for the notice period incl. severance pay on the resignation of a member of the Executive Board does not exceed two years' remuneration incl. all consideration shares.	Yes		
4.1.5. The Committee recommends that members of the Board of Directors not be remunerated with stock options and warrants.	Yes		
4.1.6. The Committee recommends that the company has the option of claiming full or partial reimbursement of variable remuneration for both the Executive Board and the Board of Directors if the remuneration has been granted, earned or paid on the basis of information that subsequently proves to be incorrect or if the recipient was think about other factors that have led to the payment of an excessively variable remuneration.	No	Park Street has chosen to deviate from this point partially. Variable pay shares are based on specific objectives determined by the Board of Directors, which the Board uses as the basis for determining the amount of the variable salary component, which may not exceed 20% of the fixed annual salary. Accordingly, Park Street finds it relevant only to demand repayment of variable parts of wages in cases where Park Street Nordicom has a claim for repayment under Danish law. In view of the company's situation, it is considered inappropriate to have vesting periods extending over more than one year.	
5. Risk management			
5.1. Identification of risks and transparency of further relevant information			

<p>5.1.1. The committee recommends that the Board of Directors, based on the company's strategy and business model, take a position on, for example, the most significant strategic, business, accounting and liquidity risks. The company should account for these in the management's report as well as for the company's risk management.</p>	<p>Yes</p>		
<p>5.1.2. The Committee recommends that the Board establish a whistleblower scheme that allows employees and other stakeholders to report serious misconduct or suspicion in an appropriate and confidential manner, and that there is a procedure for handling such whistleblower cases.</p>	<p>Yes</p>		

[1] If a recommendation is not followed, the company must explain why the recommendation is not followed and how the company has arranged itself differently. An adequate explanation answers both questions and categorizes the answer as compliance with the recommendation. It is therefore important that the company answers both questions in its explanation.
